

MALTINGS ACADEMY

Residents' Information Update

May 2010

Dear Neighbour,

Further to our April Newsletter and the Residents briefing held on Thursday 22nd April 2010

Planned Works – Through to September

We will be progressing with the concrete frame of the building and the permanent drainage systems.

The structural steel element of the project will commence in July and the enclosure of the structure with external render and roofing will progress. Internally we will be commencing mechanical and electrical installations and partitions.

We would like to thank all the Residents who attended the lively April forum and look forward to seeing you at the September briefing, which we will hold at **6pm on Thursday 9th September 2010 in our meeting room.**

Please email elaine.lawman@carillionplc.com (Ellie) if you have any concerns in the intervening period or by telephone and we will do our utmost to respond as quickly as possible. **Can you also advise Ellie if you will be attending the forum.**

Kind regards

Andy Hand
Project Director
For and on behalf of Carillion PLC
